1-10 Disadvantaged Business Enterprise (DBE) Participation

The GPMTD has established a 10% DBE contract goal on this project. Therefore, a Bidder must, in order to be responsible and/or responsive, make a good faith effort to meet the goal. The Bidder can meet this requirement in either of two ways.

- a. The Bidder can meet the goal, documenting commitments for participation by DBE firms sufficient to for this purpose.
- b. Even if it does not meet the goal, the Bidder can document adequate good faith efforts. This means that the Bidder must show that it took all necessary and reasonable steps to achieve a DBE goal or other requirement of this part, which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.

For Bidders to receive credit for the use of a DBE, the Illinois Unified Certification Program (IL UCP) must certify the proposed DBE prior to submission of the proposal. It is the policy of

GPMTD that Disadvantaged Business Enterprises (DBE's) as defined in 49 CFR Part 26 shall have a level playing field to compete fairly for DOT-assisted contracts. Contractor is encouraged to take all necessary and reasonable steps to ensure that DBE's have a level playing field to compete for and perform services on the contract, including participation in any subsequent supplemental contracts. If the contractor intends to subcontract a portion of the services on the project, contractor is encouraged to contact DBE's to solicit their interest, capabilities and qualifications.

It is the policy of GPMTD to investigate the full extent of services offered by financial institutions owned and controlled by socially and economically disadvantaged individuals in the community, to make reasonable efforts to use these institutions, and to encourage prime contractors on DOT-assisted contracts to make use of these institutions. Therefore, GPMTD encourages prime contractors to use DBE financial institutions whenever possible.

49 CFR Part 26 requires GPMTD to collect certain data about firms attempting to participate in FTA contracts. This data must be provided on the enclosed **Firm Data Sheet (Attachment G)**.

- A. **Certification** – To be certified as a DBE, a firm must meet all certification eligibility standards. Firms that qualify as a DBE must: 1) be a small business as defined by the Small Business Administration; 2) be at least 51% owned by minorities, women and/or socially and economically disadvantaged adults, and 3) have its day-to-day operations controlled by women or minorities. The Illinois Unified Certification Program (IL UCP) will make its certification decisions based on the facts as a whole. DBE certification entitles contractors to participate in GPMTD's DBE program; however, this certification does not guarantee that the contractor will obtain work with GPMTD.
- B. **Process** – A firm must apply for certification through the IL UCP. Certification guidelines and applications are also available online as PDF's at the following links:

<http://www.idot.illinois.gov/doing-business/certifications/disadvantaged-business-enterprise-certification/il-ucp-directory/index>

Such revisions and amendments, if any, shall be issued through addenda to this IFB. Copies of such addenda and/or amendments shall be placed on the GPMTD website and will be furnished to the Bidder's email address submitted on the Contractors Registration Form. If the revisions or addenda require changes in requested information or the format for Bid submission, the established date for submission of Bids contained in this IFB may be postponed by such number of days as, in the GPMTD's opinion, shall enable Bidders adequate time to revise their Bids.

GPMTD reserves the right to cancel this IFB at any time or change the date and time for submitting Bids by announcing same prior to the date and time established for Bid submittal.

3-2 Rejection of Bids

GPMTD reserves the right to reject any or all bids and waive any minor informalities or irregularities.

3-3 Clarification of Bids

The District reserves the right to obtain clarification of any point in a Bid or to obtain additional information necessary to properly evaluate a particular Bid. Failure of a Bidder to respond to such a request for additional information or clarification may result in the Bids' rejection.

3-4 Approved Equals

In all cases, services and materials must be furnished as specified. Where brand names or specific items are used in the specifications, consider the term "or approved equal" to follow.

Any unapproved deviations, exceptions, substitutions, alternates or conditional qualifications contained in a Bid may be cause for its rejection.

If potential Bidders believe that their product is equal to the product specified, they must submit a written request to GPMTD on the provided form (Attachment D) and this request will be approved or rejected by GPMTD at least seven (7) calendar days prior to the due date of Bids. Requests for approved equals and clarification of specifications must be received by GPMTD in writing a minimum of fifteen (15) days before the Bid opening to allow analysis of the request.

Any request for an approved equal must be fully supported with catalog information, specifications and illustrations, or other pertinent information, as evidence that the substitute offered is equal to or better than the specification. Where an approved equal is requested, the Bidder must demonstrate the equality of this product to GPMTD to determine whether the Bidder's product is or is not equal to that specified.

3-5 Modification or Withdrawal of Bids and Late Bids

At any time before the time and date set for submittal of Bids, a Bidder may request to withdraw or modify its Bid. Such a request must be made in writing by a person with authority as identified on the IFB Cover Page, provided their identity is made known and a receipt is signed for the Bid. All Bid modifications shall be made in writing executed and submitted in the same form and manner as the original Bid. Any Bid or modification of Bid received at GPMTD's office designated in the solicitation after the exact time specified for Bid receipt will not be considered.

3-6 Errors and Administrative Corrections

GPMTD will not be responsible for any errors in Bids. Bidders will only be allowed to alter Bids after the submittal deadline in response to requests for clarifications by GPMTD. GPMTD reserves the right to request an extension of the Bid period from a Bidder or Bidders.

GPMTD reserves the right to allow corrections or amendments to be made that are due to minor administrative errors or irregularities, such as errors in typing, transposition or similar administrative errors. Erasures or other changes or entries made by the Bidder must be initialed by the person signing the Bid.

3-7 Compliance with IFB Terms and Attachments

GPMTD intends to award a Contract based on the terms, conditions, and attachments contained in this IFB. Bidders are strongly advised to not take any exceptions. Bidders shall submit Bids which respond to the requirements of the IFB. An exception is not a response to an IFB requirement. If an exception is taken, a "Notice of Exception" must be submitted with the Bid. The "Notice of Exception" must identify the specific point or points of exception and provide an alternative.

Bidders are cautioned that exceptions to the terms, conditions, and attachments may result in rejection of the Bid.

GPMTD may, at its sole discretion, determine that a Bid with a Notice of Exception merits evaluation. A Bid with a Notice of Exception not immediately rejected, may be evaluated, but its competitive scoring will be reduced to reflect the importance of the exception. Evaluation and negotiation will only continue with the Bidder if GPMTD determines that a Contract in the best interest of GPMTD may be achieved. The Notice of Exception will be used as part of GPMTD's evaluation of the Bid, and, therefore, must be made known during the course of the proposing process. Comments and exceptions substantially altering the form agreement will not be considered after conclusion of the bid process and the award of a contract. Failure to submit a marked-up copy of the form agreement with a bid proposal will be interpreted by GPMTD as the Bidder's acceptance of the form agreement provided herein.

3-8 Collusion

The Bidder guarantees that the Bid submitted is not a product of collusion with any other Bidder, and no effort has been made to fix the Bid price of any Bidder or to fix any overhead, profit, or cost element of any Bid price (**Attachment E - Affidavit of Non-Collusion**). Failure to submit the signed affidavit at the time of bid opening shall be grounds for disqualification of the Bidder's offer.

If GPMTD determines that collusion has occurred among Bidders, none of the Bids from the participants in such collusion shall be considered. GPMTD's determination shall be final.

3-9 Pricing, Taxes and Effective Date

The price to be quoted in any Bid will include all items of labor, materials, tools, equipment, delivery and other costs necessary to fully meet the requirements of GPMTD. Any items omitted, which are clearly necessary for the completion of this project, will be considered a portion of such specifications, although not directly specified.

Price Bids shall include all freight charges, FOB to the designated delivery points.

GPMTD is exempt from payment of Federal, Excise and Transportation Tax, and the Illinois Sales, Excise and Use Tax. Bidders will not include these taxes in their proposed price(s). All other government taxes, duties, fees, licenses, permits, royalties, assessments, and charges shall be included in the proposed price.

In the event of a discrepancy between the unit price and the extended amount for a required item, the unit price will govern.

The price quoted by the proposing companies/firms will not change for a period of ninety (90) days, beginning from the date the Bid is opened.

3-10 Bid Alternatives

Bids shall address all requirements identified in this solicitation. In addition, GPMTD may consider Bid alternatives submitted by Bidders that provide enhancements beyond the IFB requirements. Bid alternatives may be considered if deemed to be in GPMTD's best interests. Bid alternatives must be clearly identified.

3-11 Samples

Samples of items, when called for, must be furnished free of charge. Samples must be labeled with the Bidder's name, manufacturer's brand name and number, Bid number, and item reference. Request for return of samples shall be accompanied by instructions, which include shipping authorization and name of carrier, and must be received within ninety (90) days after Bid opening date. If instructions are not received within this time, the commodities shall be disposed of by GPMTD.

3-12 Cost of Bids

GPMTD is not liable for any costs incurred by Bidders in the preparation, presentation, testing, or negotiation of Bids submitted in response to this solicitation.

3-13 Single Bid Response

If only one Bid is received in response to the IFB, a sample of two (2) Bids, if available, awarded to the Bidder within the past two (2) years may be requested of the single Bidder. A cost/price analysis and/or audit may be performed of the cost Bid in order to determine if the price is fair and reasonable.

3-14 Exclusionary or Discriminatory Specifications

GPMTD agrees that it will comply with the requirements of 49 U.S.C. Section 5323(h) (2) by refraining from using any Federal assistance awarded by the FTA to support procurements using exclusionary or discriminatory specifications. GPMTD further agrees to refrain from using state or local geographic preferences, except those expressly mandated or encouraged by Federal Statute.

Therefore, the contents of this IFB and the Contractor's Bid submitted in response to this IFB shall be considered public documents and are subject to the Illinois FOIA statutes. As such, all Bids submitted to GPMTD will be available for inspection and copying by the public after the selection process has been concluded. There are, however, various items that may be exempt under public disclosure laws. If any proprietary, privileged, or confidential information or data is included in the Contractor's Bid, each page that contains this information or data should be marked as such (e.g., "Proprietary," "Confidential," "Business Secret," or "Competition Sensitive") in order to indicate your claims to an exemption provided in the Illinois FOIA. It is GPMTD's sole right and responsibility, however, to make the determination whether these items are exempt or not exempt under the Illinois FOIA statutes.

SECTION 5 – STANDARD CONTRACTUAL TERMS & CONDITIONS

Contractor's performance under this Contract may be monitored and reviewed by a Procurement Administrator appointed by GPMTD. Reports and data required to be provided by Contractor shall be delivered to the Procurement Administrator. Questions by Contractor regarding interpretation of the terms, provisions, and requirements of this Contract shall be addressed to the Procurement Administrator for response.

GPMTD's Procurement Administrator will notify Contractor of the decision in writing. It is expressly understood and agreed that Contractor will not be entitled to damages or compensation, and will not be reimbursed for losses on account of delays resulting from any cause under this provision.

5-4 Contract Changes

Any proposed change in the contract will be submitted to GPMTD for its prior written approval and GPMTD will make the change by a Change Order if agreed upon by both parties in writing. Any action on the part of Contractor taken in compliance with such instructions will not be grounds for subsequent payment or other consideration in compliance with the unauthorized change.

5-6 Cost or Price Analysis

GPMTD reserves the right to conduct a cost or price analysis for any purchase. GPMTD may be required to perform a cost analysis when competition is lacking for any purchase. Sole source procurements which result in a single Bid being received will be subject to a cost analysis which will include the appropriate verification of cost data, the evaluation of specific elements of costs and the projection of data to determine the effect on Bid prices. GPMTD may require a Pre-Award Audit and potential Contractors shall be prepared to submit data relevant to the proposed work which will allow GPMTD to sufficiently determine that the proposed price is fair, reasonable, and in accordance with Federal, State and local regulations. Procurements resulting in a single Bid will be treated as a negotiated procurement and GPMTD reserves the right to negotiate with the single Bidder to achieve a fair and reasonable price. If a negotiated price cannot be agreed upon by both parties, GPMTD reserves the right to reject the single Bid. Contract change orders or modifications will be subject to a cost analysis.

5-7 Lack of Funds

If expected or actual funding is withdrawn, reduced, or limited in any way prior to the expiration date set forth in this Contract or in any amendment hereto, GPMTD may, upon written notice to Contractor, terminate this Contract in whole or in part. The timely receipt of GPMTD's requirements is essential. If the requirements are not received on time in accordance with the delivery schedule, GPMTD may cancel the unfilled portion of the contract for cause, purchase substitute requirements elsewhere, and recover from Contractor any increased costs, thereby incurred together with all resulting incidental and consequential damages. GPMTD may also terminate for cause, purchase substitute requirements elsewhere and recover costs and damages for breach of Contractor obligations.

The Contractor shall be entitled to a reasonable extension of time from GPMTD for the delays caused by damage to Contractor's and/or GPMTD's property caused by fire, lightning, earthquakes, tornadoes, and other extreme weather conditions or acts of nature, power failures, riots, acts of civil or military authorities of competent jurisdiction, strikes, lockouts, and any other industrial, civil or public disturbances beyond the control of the Contractor and its subcontractors causing the inability to perform the requirements of this Contract. Any delay other than ones mentioned above shall constitute a breach of Contractor's contractual obligations.

Contractor shall maintain and be liable for all taxes, fees, licenses, and costs as may be required by federal, state, and local laws, rules, and regulations for the conduct of business by Contractor and any subcontractors and shall secure and at all times maintain any and all such valid licenses and permits as may be required to provide the services or supplies under this Contract. If for any reason, Contractor's required licenses or certificates are terminated, suspended, revoked, lapsed, or in any manner modified from their status at the time this Contract becomes effective, Contractor shall immediately notify GPMTD in writing of such condition.

Contractor will give all notices and comply with all federal, state, local and GPMTD laws, ordinances, rules, regulations, standards, and orders of any public authority bearing on the performance of the Contract, including, but not limited to, the laws referred to in these General Provisions of the Contract and the other Contract Documents. If the Contract Documents are at variance therewith in any respect, any necessary changes shall be adjusted by appropriate modification. Omission of any applicable laws, ordinances, rules, regulations, standards or orders by GPMTD in the Contract Documents shall be construed as an oversight and shall not relieve the Contractor from his obligations to meet such fully and completely. Upon request, Contractor shall furnish to GPMTD certificates of compliance with all such laws, orders and regulations. Contractor shall be responsible for obtaining all necessary permits and licenses required for performance under the Contract.

Applicable provisions of all federal, state, and local laws, and of all ordinances, rules, and regulations shall govern any and all claims and disputes which may arise between person(s) submitting a Bid response hereto and GPMTD, by and through its officers, employees and authorized representatives, or any other persons, natural and otherwise, and lack of knowledge by any Contractor shall not constitute a cognizable defense against the legal effect thereof.

Within seven (7) calendar days of receiving such written notification, Contractor must supply GPMTD with a written detailed plan which indicates the time and methods needed to bring the work, materials, or services within acceptable limits of the Contract. GPMTD may reject or accept this plan at its discretion. In the event this plan is rejected, the work, materials, or services will be deemed not accepted and returned to Contractor at Contractor's expense. This procedure to remedy defects is not intended to limit or preclude any other remedies available to GPMTD by law, including those available under the Uniform Commercial Code.

5-11 Assignment

This provision shall not prevent Contractor from pledging any proceeds from this Contract as security to a lender. An assignment may be conditioned upon the posting of bonds, securities and the like by the assignee and the assignee must assume the written Contract and be responsible for the obligations and liabilities of Contractor, known and unknown, under this Contract and applicable law.

GPMTD may assign its rights and obligations under the Contract to any successor to the rights and functions of GPMTD or to any governmental agency to the extent required by applicable laws or governmental regulations, or to the extent GPMTD deems necessary or advisable under the circumstances.

The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. ATTACHMENT H – Good Faith Effort
(For information only – not to be returned)

1. The GPMTD has established a ten percent (10.0%) goal for Disadvantaged Business Enterprise (DBE) participation for this contract. Therefore, a Bidder must, in order to be responsible and responsive, make a good-faith effort to meet the goal. The Bidder can meet this requirement in either of two (2) ways. First, the Bidder can meet or exceed the goal, documenting commitments for participation by DBE firms sufficient for this purpose. Second, even if the Bidder doesn't meet the goal, the Bidder can document its good-faith efforts to meet the goal. This means that the Bidder must show that it took all necessary and reasonable steps to achieve the DBE goal, or other requirement of this part which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient DBE participation, even if they were not fully successful.
2. The GPMTD will use the good-faith efforts mechanism as required by 49 CRF part 26. It is up to the GPMTD to make a fair and reasonable judgment whether a Bidder that did not meet the goal made adequate good-faith efforts. The GPMTD will consider the quality, quantity, and intensity of the different kinds of efforts that the Bidder made. The efforts employed by the Bidder should be those that one could reasonably expect a Bidder to take, if the Bidder were actively and aggressively trying to obtain DBE participation sufficient to meet the DBE contract goal. Mere pro forma efforts are not good-faith efforts to meet the DBE contract requirements. As emphasized by the Department of Transportation, GPMTD's determination concerning the sufficiency of the firm's good-faith efforts is a judgment call; meeting quantitative formulas is not required.
3. The GPMTD will not require that a Bidder meet a contract goal (i.e., obtain a specified amount of DBE participation) in order to be awarded a contract, even though the Bidder shows that an adequate good-faith was made. The rule specifically prohibits the GPMTD from ignoring bona fide good-faith efforts.
4. The following is a list of types of actions that the GPMTD will consider as part of the Bidder's good-faith efforts to obtain DBE participation. It is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.
 - a. Soliciting through all reasonable and available means (e.g. attendance at pre-Bid meetings, advertising, and/or written notices) the interest of all certified DBEs who have the capability to perform the work of the contract. The Bidder must solicit this interest within sufficient time to allow the DBEs to respond to the solicitation. The Bidder must determine with certainty whether or not a DBE is certified.
 - b. The DBEs are interested by taking appropriate steps to follow up initial solicitations.
 - c. Selecting portions of the work to be performed by DBEs in order to increase the likelihood that the DBE goals will be achieved. This includes, where appropriate, breaking out contract work items into economically feasible units to facilitate DBE participation, even when the prime contractor might otherwise prefer to perform these work items with its own forces.
 - d. Providing interested DBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation.

ATTACHMENT H – Good-Faith Effort (Continued)

- e. Negotiating in good-faith with interested DBEs. It is the Bidder's responsibility to make a portion of the work available to DBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available DBE subcontractors and suppliers, so as to facilitate DBE participation. Evidence of such negotiation includes the names, addresses, and telephone numbers of DBEs that were considered; a description of the information provided regarding the plans and specifications for the work selected for subcontracting; and evidence as to why additional agreements could not be reached for DBEs to perform the work.

A Bidder using good business judgment would consider a number of factors in negotiating with subcontractors, including DBE subcontractors, and would take a firm's price and capabilities, as well as contract goals, into consideration. However, the fact that there may be some additional costs involved in finding and using DBEs is not in itself sufficient reason for a Bidder's failure to meet the contract DBE goal, as long as such costs are reasonable. Also, the ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the Bidder of the responsibility to make good-faith efforts. Prime contractors are not, however, required to accept higher quotes from DBEs, if the price difference is excessive or unreasonable.

- f. Not rejecting DBEs as being unqualified without sound reasons based on a thorough investigation of their capabilities. The Contractor's standing within its industry, membership in specific groups, organizations, or associations, and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of Bids from DBEs in the Contractor's efforts to meet the project goal.
- g. Making efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance, as required by the recipient or contractor.
- h. Making efforts to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services.
- i. Effectively using the services of available minority/women community organizations; minority/women contractors' groups; Federal, State, and Local minority/women business assistance offices; and other organizations, as allowed on a case-by-case basis, to provide assistance in the recruitment and placement of DBEs.
